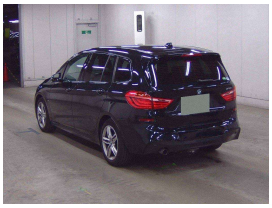
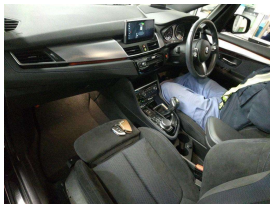
2018 BMW 218i Motor Sport - 7 Seater - Facelift - Grade 4.5. $24,990





Buy Safe tips. You do not need to be a mechanic to Buy Safe.

- Rust. Especially check underneath the vehicle, inside the wheel arches and the bottom of the doors, a quick glance by lifting a mat may be the difference between a good and a bad car.
- Check the tyres. Tyres are a good indicator of how well the car has been looked after. Uneven wear can be a sign of suspension problems.
- Check the service book. Check the owner is the last entry. Check how it looks inside and if it looks like it has been used as a family car or a taxi.
- Check the MVR. Check the MVR with vehicle. You may need to register a log for a small expense or do some engineering upgrades.
- Check the Vehicle Identification Number. Old VIN plates can be put on any car. Warranties and recall notices will not have a place any.
- Check the Vehicle Identification Number. It is good to be sticker and the one on through the A pillar. The Japanese parking sticker. The second one of the dash or behind the battery is hard but it looks like it has been removed. Check the VIN plate on the chassis. Check the VIN plate on the chassis. If it looks like one screw is gone or it is in the wrong place, it may be a stolen car
